

Implementation of the Policy on Environmentally Friendly Value Chain

Under Resolution No. 310 dated 21 July 2023, the Social Security Commission approved the recommendation for accreditation and investments in the forthcoming issuance of ACEN Corporation Preferred Shares Offering (Series A and B Green Preferred Shares) whereby the proceeds will be used to finance or refinance new and existing eligible green projects, per ACEN's Green Equity Framework.

To ensure that the importance of protecting the environment is not ignored in the conduct of the Social Security System's business, the Social Security Commission, under Resolution No. 441-A dated 18 October 2023, directed the Investments Sector to make the Environment and Social Governance compliance of a company as part of its analysis in its investment proposals.
