Subject: Bytesize Mandatory Modules

Mabuting araw!

Bytesize modules designed to enhance the organization's efficiency, ensure compliance to statutory and regulatory requirements, and drive commitment to excellence have just been tagged as mandatory modules. Please allocate sufficient time to go through these important modules, as they will be essential in promoting SSS employees' shared commitment to professionalism, risk mitigation, quality management, and strategic performance. Completion of these modules shall be part of the compliance on the attendance of employees to training programs, as indicated in various units' 2023 OPCR. To register for these training modules, please visit the [SSS Academy - Bytesize Page](#).

The graphic features a central circular diagram with four colored segments (green, orange, red, blue) numbered 1, 2, 3, and 4, surrounding a central grey circle labeled 'SPMS'. To the left of the diagram is a male cartoon character in a blue shirt and black pants, and to the right is a female cartoon character in a light blue shirt and blue skirt. The background is light blue with a network of white lines and dots. At the top left is a circular logo with the number '65'. At the top center is the word 'BYTESIZE' in red and yellow, with 'A MANDATORY MODUL' in a green box below it. At the top right is the SSS logo. At the bottom, text reads: 'Presented by the LEARNING AND DEVELOPMENT DEPARTMENT in partnership with the PERFORMANCE MANAGEMENT AND EMPLOYEE RELATIONS DEPARTMENT'.
