

**PROJECT: SUPPLY AND DELIVERY OF SERVICE VEHICLES FOR VARIOUS
BRANCHES AND OFFICE (LOT 3) (3RD AVERTISEMENT)**

QUERIES/CLARIFICATIONS RAISED DURING THE PRE-BID CONFERENCE:

	Query/Clarifications	TWG/BAC Reply
1.	Regarding the requirements for airbag for the passenger and driver's side, can we minimize it to the driver's side only?	No, airbags should be available for both driver and passengers.
2.	Regarding the technical specifications, in the presentation earlier, it was mentioned that the requirement for the engine was Euro 4, but it is indicated in the technical specifications that it is Euro 5. Which should we follow?	It should be Euro IV. This amends section VII. Technical Specifications. Lot III. .
3.	Can we reduced the power output from 136 hp to 129 HP?	No

WRITTEN QUERIES:

	Query/Clarifications	TWG/BAC Reply
1	Our Nissan Urvan Power Output is 129 HP/3200 RPM, the difference is very minimal and unnoticeable, we would like to request the BAC and end-user to consider our specification or to range from 129-136 HP and 3200-3400 RPM	No.
2	In regard to your Technical Specification in Lot 3 – Passenger Van, according to your requirement the Power Output is at least 136 HP /3400 RPM. May I know whether this is the minimum or maximum? If maximum, FOTON Dealership will proceed for the bidding. If minimum, only leading branch with the actual specification can join the bidding	The 136 HP/3400 RPM is minimum.

OTHER CLARIFICATIONS :

Section VII -Technical Specifications of Passenger Van (Lot 3) . The engine specifications should be: **Diesel Engine, 4 Cylinder In-Line, 16 Valve, Common Rail Direct Injection, Euro IV.** This amends the Engine Specification Requirement as indicated in the Bidding Documents .
