

PROJECT: SERVICE VEHICLES

QUERIES/CLARIFICATIONS RAISED DURING THE PRE-BID CONFERENCE:

	Query/Clarifications	TWG/BAC Reply
1	Concerning the technical specifications, specifically the seating capacity, you mentioned that at least 15-seater are required. Do you consider 11-seater?	No. We maintain our requirement in the technical specification.
2	Regarding the technical specifications for lot 1, 2, and 3, will you consider lowering the requirements for torque and output?	No. We maintain our requirement in the technical specification
3	Regarding the technical specification of Lot 4, in the presentation you required airbag but in the bidding documents there is no mention of it. Sir, commonly there would be no airbag in a mini bus?	There is no requirement for air bag.
4	In Lot 4, regarding seating capacity, minimum of 29 seats, not exceeding 36 seats, is it ok if we offer you 23 regular seats but the rest is jump seats with a total of 30 seats including the driver.	Jump seats are not acceptable.
5	Confirmation with regards to Lots 1,2 and 3 can we offer a 22-seater FB Type Passenger Van?	No. We maintain our requirements.
6	Is the required validity of the TPL, three (3) years or one (1) year?	3 years, to be renewed annually.
7	With regards to Lot 4, Minibus, the displacement of 6500cc, is it possible to change it to 4.0? Based on your presentation the displacement is not exceeding 6500cc, just for clarification, because in the bidding documents it is just 6500cc without the word “exceeding”. Because normally, if the word “exceeding” is not included it is understood to be a minimum requirement. May I suggest that you include an SPD in this item?	No. The displacement is “not exceeding 6500 cc” . This amends the Lot 4 technical specification displacement from 6500 to not exceeding 6500.
8	Regarding Lot 3 passenger van, the power output is 129HP or 130HP?	The power output is at least 129 HP.
9	Do you consider 11-seater for lots 1 and 2?	No. We maintain our requimrents.

WRITTEN QUERIES:

	Query/Clarifications	TWG/BAC Reply
1	I would like to inquire for lot 4 (supply and delivery of 2 units mini bus)	Yes.

	Clarification is your required engine displacement of 6500 cc is this maximum requirement	
2	For ITB - SSS-GOODS-2024-029 (LOT 4- Minibus for main office) Could we wish to consider 373 Nm for power output requirement.	No. We maintain our requirement.
3	May we know the mode of delivery and delivery location on a "PER LOT" basis? Specifically, may we request for a Deployment List that will indicate the delivery location and mode of delivery on a per lot basis? This will aid our dealership to provide you a more accurate estimate of our bid offer	Please refer to attachment A-1. Mode of Delivery for Lot 1,2 & 4 shall be by land
4	What is the mode of delivery and delivery location for vehicles bound for Visayas and Mindanao? May we request that we deliver the said items on a "Port to Port "basis?	Mode of delivery for VisMin shall be by sea up to port only. Please refer to attachment A-1
