

PROJECT: CARGO FORWARDING SERVICES (3RD ADVERTISEMENT)**QUERIES/CLARIFICATIONS RAISED DURING THE PRE-BID CONFERENCE:**

	Query/Clarifications	TWG/BAC Reply
1	For clarification for this 3 rd advertisement, do we have to pay for the document fees?	If you have joined the previous bidding activity, you need not pay the Bidding Documents.
2	Instead of manual or actual proof delivery can we use Electronic Proof of Delivery?	Under Section V. Special Conditions of Contract GCC Clause 2.2 – the Service Provider shall submit invoice/statement of account together with waybill and shipment order. Regarding the use of Electronic Proof of Delivery (e-POD), the SSS Office Services Department consulted with the COA representative. The COA representative mentioned that to be able to implement the e-POD, its integrity should be established first.
3	Since this is a 3 rd Advertisement, will this fall as negotiated procurement?	No, this is still a public bidding.
4	With regards to the Secretary's Certificate, can we use our own format? The additional requirements are submitted during the opening or during post qualification?	Yes, as long as the required authorized officers and details are provided. Only the bidder who will be declared as the lowest calculated bid will submit the additional requirements during the post-qualification.
5	Will you consider as SLCC the projects completed in six (6) years? The SLCC based amount is per lot basis or in totality?	No, we will only accept projects completed within the last five (5) years. The SLCC base amount is the total ABC of the project, not the amount per year.
6	Is it required to attach the contracts in the “Statement of On-Going Government and Private Contracts?”	No need, the list of all ongoing contracts is required for submission.
7	Are you allowing the pre-screening online or it is personal?	The pre-screening is conducted in person.
