3.	Regarding the Statement of Compliance with the Technical Specification, is it our template or you will give us a certain copy? (SEC 7)	Please refer to Section VII in the Bidding Documents for the template of the Statement of Compliance with the Technical Specifications.
4.	Is the Statement of Compliance with the Technical Specification needed to be notarized?	Only signatures are required; notarization is not necessary. Please ensure that all documents are signed and that each line item is accompanied by a supporting document.
5.	Is e-signature of the Company Secretary acceptable in regards with the Secretary's Certificate?	It is at the discretion of the Notary Public whether to accept the e-signature of your company secretary. The requirement is that the Secretary's Certificate submitted to the SSS must be notarized.
