1	We noticed that the total amounts for chairs and cabinets were not included in the grand total for each lot	TWG will issue the revised BOQ Form (Form-02)
2	We would like to inquire about the size of the workstation for supervisor and non-supervisor to be used per branch. This is not specified in your technical specification	<p>Sizes of modular panels for supervisor's workstation and non-supervisor's workstation are 1200mm H (side panel) and 900mm H, respectively.
