GENERAL CONDITIONS:

1. For uniformity and evaluation purposes, a bidder shall adhere to the herein prescribe format of BOQ, specifically in the formula for computation, given quality and inclusive pay items. Any deviation from the format shall be a ground for disqualification of bid.
2. Bidders are not allowed to include any pay items that were not indicated in the hard copy of BOQ. In instances where necessary work/items are inadvertently left out in BOQ Form, a bidder should make a written query to the Bids and Awards Committee so that the same shall be addressed in the Bid Bulletin which will be issued to all participating bidders.
3. Prospective bidders are required to conduct site inspection to determine all incidental, materials and activities that are necessary to be furnished and executed to complete the project. Examine the site premises and all condition apparent and visible therein. Consider all such conditions that may affect work. Measure every existing work at site. Verify all given dimensions and deviations in the plans/drawings and Bill of Quantities. It shall be understood that the work covers all exposed external surfaces regardless of measurements made.
