

PROJECT: VARIOUS DIGITAL PROJECTS

QUERIES/CLARIFICATIONS RAISED DURING THE PRE-BID CONFERENCE:

	Query/Clarifications	TWG/BAC Reply
1	Do we need to submit technical eligibility documents for each lot if the bidder intended to join for all the lots?	Yes. Submission of technical eligibility documents are needed for each lot.
2	For clarification, is it okay to join for one lot only?  But if the bidder intended to join for all the lots, do they need to submit legal documents for all the lots?	Yes.  For the legal documents, the bidder may submit one set applicable for all the lots.
3	Regarding the Technical Specification, there is no mention of training and bracket in the monitor for information kiosk. Is that included in this bidding?	Yes, training is part of the commissioning process. While the bracket is not explicitly mentioned in the technical specification, it is considered a necessary accessory for proper installation and functionality of the monitor and will be required from the supplier. These components are deemed incidental but essential to ensure full system operability and compliance.
4	Will there be a schedule for inspection for the LED and Digital Display?	The ocular inspection is scheduled starting 08 April until before the submission and opening of bids on 29 April 2025.
