1	We would like to ask for the ITB Clause 10.3 (The bidder shall have at least 5 years of experience in construction/renovation works). Our company has only 2.5 years license contractor, however our Key Personnel has 10 years and above experiences with TESDA Certificates. Can we still participate in the bidding and showcase our good workmanship in renovation specially finishing works?	We maintain our requirement as stated in ITB Clause 10.3 - Bid Data Sheet “The bidder shall have at least five (5) years of experience in construction / renovation works.”
