Item #	Query/Clarifications	TWG/BAC Reply
1	Regarding the technical specifications, when should the sample for approval be submitted? Also, does this require the actual sample to be submitted?	Materials indicated in the PBD that need approval must be submitted upon implementation before installation. Yes.
2	Where can we see the scope of works and other forms?	The scope of works and the other information about the project are included in the Bidding Documents.
3	Regarding BOQ, is there a prescribed format that we should follow, or can we use our own format?	There's a prescribed format. The BACSD will send the excel file of the BOQ together with the issuance of bid bulletin. Only the issued BOQ can be used, it is prohibited to revise or retype. Just fill up all the yellow shaded cells in the excel file. Do not leave a cell without input.
